1. Introduction

1.1 This document sets out the admission arrangements for Harmonize Academy. The Academy Trust, as the admission authority for the academy, must approve in advance any changes to the arrangements set out in this document. The Academy Trust will act in accordance with equalities law.

1.2 This policy has been framed with due regard to the amended Alternative Provision (AP) School Funding Agreement, in particular Annex B Admissions, as updated in 2013.

For more information please see -

<http://www.education.gov.uk/schools/leadership/typesofschools/freeschools/a0074737/free-schools-model-funding-agreement>.

Harmonize Academy will also pay due regard to and follow the advice set out in Annex C (Arrangements for students with SEN and disabilities) of the same AP Funding Agreement document, as it applies to admissions.

1.3 We already work very closely with Liverpool Education Authority and a number of schools and academies within the city, and satisfy their Quality Assurance requirements. We have a robust admissions process which referring organisations must follow before a young person starts his/her education with us. We are determined that the academy continues to be seen as a partner in fulfilling the educational needs of our community. We are building on longstanding working relations with schools, Academies and LAs in Liverpool, Sefton, Knowsley, Wirral and Cheshire. We are an equal opportunities non-discriminatory school with a Christian ethos; we admit young people from diverse backgrounds and with varying needs. Each admission is considered on a case-by-case basis to ensure that the students we admit are ones which will benefit from the education provision we offer. The academy operates a fair, objective and transparent admissions system that includes a complaints procedure.

2. Admission Arrangements

- 2.1 In accordance with DfE guidelines (Ref: Free Schools in 2013 - DfE, 2011) "Children of compulsory school age can only be admitted to an alternative provision Free School by being referred from local authorities, schools and Academies using their existing referral powers or duties".
- 2.2 Alternative Provision Free Schools therefore, will have different arrangements for admissions from Mainstream Free Schools. The table below sets out the powers and duties, that Local Authorities, schools and Academies have to refer to alternative provision (DfE 2011).

Circumstances	Commissioner (responsible for referring the student and paying the per student fee)	Type of referral
Child is permanently excluded or cannot attend mainstream education e.g. because of illness	Local authority*	<ul style="list-style-type: none"> Full-time, unless there are medical reasons why this would not be appropriate (full-time provision can be made up of part-time provision from two or more providers). Long term or short term -dependent on local authority view on whether reintegration is appropriate and bearing in mind the child's right to suitable and full-time education. Education must start by the sixth day of permanent exclusion but can start earlier.
Child has a fixed period exclusion	Academy or school	<ul style="list-style-type: none"> Full-time. Short term - child can only be excluded on a fixed period basis for a maximum of 45 (school) days in an academic year. Education must start by the sixth day of a fixed period exclusion but can start earlier.
Child's behaviour needs improvement, for example to prevent permanent exclusion	Academy** or school	<ul style="list-style-type: none"> Full-time or part-time (but if part-time, child must still receive full-time education, which can be made up of part-time provision from two or more providers, one of which may be their Academy or school). Short or mid term - referral cannot last beyond the end of the academic year in which it is made and must be reviewed at least every 30 days by the governing body of the referring school.

*Except in areas where a new approach to exclusions is being trialled, under which schools take responsibility for permanently excluded students. Your local authority will be able to confirm if it is taking part in this trial.

**Academies have the power to refer students to off-site provision. This power comes from their general powers to advance education (which comes from the object of the memorandum and articles of the Academy Trust). Though these placements are not covered by the same legislative safeguards that apply to students referred by maintained schools, best practice would be to establish relationships with your referring Academies so that they make referrals on the same basis and have regard to the appropriate safeguards (which are set out in brief in the third column).

In keeping with the above guidelines, all admissions to the Harmonize Academy Free School are made via a referral process (*using the attached referral form - See Appendix 1*). Requests to admit students to Harmonize Academy are restricted to identified commissioners that include, but are not exclusively, Merseyside Local Authorities, Schools and Academies.

- 2.3 Harmonize Academy is able to take up to 150 FTE students in each academic year and will accordingly admit that number of students if sufficient applications are received. This will include three groups of KS3, seven groups of Year 10 and seven groups of year 11. Each group will include up to 9 students.
- 2.4 Harmonize Academy may set a higher place number than is published for any specific year. Students will not be admitted above the published place number unless exceptional circumstances apply. Before any changes to admission numbers are made the school will consult with the Education Skills Funding Agency (ESFA) re potential changes. Only in the case of any agreement (concerning any 'exceptional circumstances') with the ESFA will the school then report such matters to the Secretary of State.

3. Referral Criteria

3.1 Successful referrals to Harmonize Academy are most likely where the following conditions are met for a particular student:

1. That full time mainstream provision is not deemed appropriate
2. That a personalised education and behaviour program will stabilise school circumstances and aid progress and achievement
3. That there is a clear need for the structure, regime, routine and consistency of Harmonize Academy
4. That full background details are made available from the placing authority
5. That the interest of the young person is protected
6. That support available to the young person from other agencies prior to placement continues
7. That the referral is not a direct substitute for provision already identified in a statement of special educational needs. If specific support is mentioned in a statement of SEN, then the school/LA referring the student to Harmonize Academy needs to continue to fulfil specific tasks or by negotiation and agreement, devolve the task(s) the Harmonize Academy. This may also involve discussion re funding.

3.2 Harmonize Academy presumes that all students with BESD will be educated full-time in local mainstream schools unless there is strong evidence to the contrary. Where evidence does exist Harmonize Academy expects that it will be gathered as part of a rigorous process of assessment based on the application of relevant and purposeful action over time and in accordance with national guidance. Included within this process should be the consideration of advice from a range of professionals and close family members.

3.3 Referrals for individual support are received from schools using the official Harmonize Academy referral form and must be with the full consent of parents or carers. For students not on the roll of a school referrals are received directly from the Local Authority (LA).

All school-based referrals should include IEPs, PSPs or the equivalent, together with review documentation, an incident log and a covering statement. Individual plans should identify the areas that are causing concern, time-related targets and provide a clear programme of action showing how the learner is being supported, when and by whom.

At Harmonize Academy we also have detailed proformas set up to maximise information gathered on each incoming student and his/her needs, together with agreements which need to be signed before admission. Please see the following;

- Appendix 2 - Student Pen Picture
- Appendix 3 - Learner details form
- Appendix 4 - Learning and additional support needs form
- Appendix 5 - Induction details form
- Appendix 6 - Student Risk Assessment form
- Appendix 7 – Home Academy Agreement

- 3.4 For students unable to attend school for mental health reasons linked to depression, anxiety or phobia, referrals should also include advice from the Education Welfare Service and CAMHS. Other medical advice may also be considered although Harmonize Academy reserves the right to confirm this through CAMHS. All advice should focus on the extent of the learner's condition and their overall capabilities.

Having received a referral Harmonize Academy will acknowledge its receipt and based on the documentation will discuss the intended level of intervention required with the referring school.

In cases where a higher level of difficulty leads to consideration for long term off-site support, schools will be asked to set up a planning meeting to explore in greater detail the needs and capabilities of the learner and the nature of the provision required.

- 3.5 Referrals will be registered for six weeks in the first instance and placements will be reviewed at the end of this trial period. Placements will be reviewed at termly intervals to determine their feasibility. The basis will be both formal and informal depending upon circumstances. The Principal will make decisions regarding appropriateness of placement after consultation with all concerned parties. Although our aim is to enable students to return to the mainstream, this occurs rarely. Our primary concern is not to put the student's progress at risk; it is often the case that where our style of education is supporting that progress, a return to mainstream education might be detrimental. In all cases, we work closely with the referring school or provider to ensure that the provision made for the young person is absolutely in his or her best interests, and offers the best opportunity for achieving solid outcomes.
- 3.6 For Key Stage 3 students, however, there will be a different emphasis, with an explicit aim to enable students to be re-integrated into the mainstream for Key Stage 4 wherever possible.
- 3.7 Harmonize Academy endeavours to offer successful personalised education packages to all children who are admitted. Sometimes, however valid the placement seems, it may become evident that a young person's stay at Harmonize Academy will not work in their best interests. We aim to provide the most suitable education provision to best match the needs of each individual student. We endeavour to tailor each young person's provision to suit their individual requirements. However, if we are unable to meet their needs, we will review each case on its merits to agree (for the student's best needs) a more appropriate option for all concerned.
- 3.8 In addition, if the young person requires specialist provision other than we are able to offer, such as residential psychiatric assessment and support we will inform the school/LA in all circumstances. However, the Secretary of State may direct Harmonize Academy to admit such a student and that direction shall be binding on Harmonize Academy.

4. Oversubscription Criteria

4.1 In the case of oversubscription of referrals, after the admission of students with statements of Special Educational Needs where the Harmonize Academy is named on the statement as the appropriate school to meet those needs, the criteria will be applied in the following order:

1. Looked After Children who are in public care and previously looked after children
2. Where there are specific medical and/or social circumstances that can only be met by the child's attendance at the Academy. Where a child has a particular medical and/or social reason requiring them to attend Harmonize Academy, the Commissioners and/or parents/carers must provide written evidence from an appropriate medical professional that attending Harmonize Academy is essential to the medical well-being of their child.
3. Other children whose homes are nearest to the school. Proximity from home to school is measured as a straight line on a computerised geographical information system which identifies the easting and northing of the home and of the nearest school entrance gate, priority being given to the shortest distance. Where two addresses are within the same block of flats, the lowest number of flat nearest to the ground floor will be deemed to be the nearest in distance. In the event that two applications are exactly the same after all other criteria have been taken account of, we would invoke our tie breaking policy. For Harmonize Academy this would be by a random allocation.

Criterion 3 will also be applied as a tie-break to criteria 1 - 2 if the school is oversubscribed within those criteria.

5. Complaints Process Criteria

- 5.1 Admissions Appeals arrangements are not statutory regarding AP schools. However, at Harmonize Academy we want to be as fair, objective and transparent as we can with all stakeholders regarding our admissions procedures.
- 5.2 Commissioners have the right of appeal against the refusal of a place at the Harmonize Academy for which they have applied. If a local authority, school or Academy is unhappy that a referral to Harmonize Academy has not been accepted they should write to the Principal of Harmonize Academy setting out their concerns. These will be dealt with through the Admission Complaints Procedure. This can be accessed at www.harmonizeacademy.org.uk/policies/admissions-complaints-procedure.
