INTRODUCTION

We aim to: To enable young people to develop self-confidence, respect, compassion and forgiveness based on the Christian values of the school. From which they can:

- enter adulthood as happy, responsible, caring and independent members of the community.
- built self esteem and a psychology of inclusion and choice
- follow individual programmes of learning with each student
- provide an exciting, friendly style of teaching to small groups and individuals, both on and off site, one that is culturally and socially relevant
- achieve useful skills, knowledge and experience for life and employment

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

POLICY PRINCIPLES

1. Rights and responsibilities

In Harmonize:

- everybody has the right to feel safe from physical or verbal threat or attack
- everybody has the right to be able to work and learn without other people making it difficult for them

3. Unacceptable Behaviour

Unacceptable behaviour is behaviour for which exclusion (temporary or permanent) from the premises is likely. It can be regarded as unacceptable because of the severity of a particular behaviour or because of the frequency of less serious behaviour.

Unacceptable behaviour includes:

- Bullying, extortion, intimidation, racism or sexual harassment
- Use of illegal substances
- Damage to property
- Endangering self or others
- Carrying a weapon
- Physical or verbal aggression, thuggery
- Throwing dangerously
- Stealing
- Dangerous refusal, defiance

4. Encouraging Positive Behaviour

Positive social and learning behaviour is encouraged through:

- Visible behaviour procedures and policy with a clear chain of command
- Consistent approach where all staff and volunteers operate to the same standards when dealing with issues
- Good Practice in classroom management and teaching, with high student- teacher ratios
- Good behaviour management and expectations between sessions
- Pastoral support so that every student has a member of staff to support them with their learning
- High intensity monitoring that enables identification of trouble ‘hotspots’ and effective strategies, and that also builds student and carer awareness and commitment
- Individual Learning Plans incorporating goals that are specific, measurable, meaningful, achievable, realistic and time-bound with high expectations of students learning and behaviour
- An education package based on subjects and activities that the students are interested in. A clear progression through their learning with reward and acknowledgements that relates to their behavioural and learning achievements
- Positive family contacts through a variety of formal and informal means
- Positive role modelling across the whole team combined with active teaching strategies for overcoming difficulties
- Personal Development where the class works as a whole and individually to understand and encourage positive behaviour
- Empowerment through participation in decision making

5. No-touch Policy

Harmonize Academy adheres to a no-touch policy and corporal punishment is not allowed in the Academy under any circumstances.

6. Monitoring

To bring about behaviour improvement we need to employ a high level of monitoring. First, this enables us to assess each student. Secondly, we are able to capture patterns of behaviour. A student, for better or for worse, may be affected by a certain student, a particular subject or teacher, or by factors outside Harmonize Academy. Thirdly, it builds awareness in the student and their family/carers. Finally, provides evidence of behaviour and change.

Following each lesson, the teacher will place the student at one of three levels, based on our Policy for Promoting Good Behaviour. While the levels are treated as discrete within the class, it is recognised that they are actually a continuum. The student's timetable reflects their level. The timetable is constructed to encourage a flow through the levels, 3 to 1*.

7. Rewarding Positive Behaviour Choices

8. Mentors

Mentoring is done by an appointed member of staff. This staff member will have the relevant skills and relationship to offer the student the best opportunities to achieve the targets set and to avoid negative behaviour.

iv. Incident Management

It is anticipated that the majority of incidents inside or outside the classroom will be dealt with through the above positive behaviour policies. Certain incidents will demand much more urgent attention. Teaching staff/facilitators and teaching assistants are responsible for discipline within the classroom. To assist them in reaching a desired standard and follow the 1*-1-2-3 behavioural level system. Care and thought should be given to any punishment meted out so as to avoid unprofitable work. It is sometimes useful to place students outside the classrooms for short cooling off periods or for the purpose of completing work, but only severe disruption or defiance should be referred to the Assistant Principal to deal with.

Minor incidents of skitting and play-fighting are best dealt with using conflict management techniques, as quickly as possible.

- Act as a positive role model, demonstrating respect, clear communication, impartiality and effective conflict resolution.

Any incident which involves abusive language or any form of violence, either threatened or actual must result in immediate referral to the Assistant Principal. Where possible the offender should be escorted from the area concerned to the Assistant Principal

- This needs to be dealt with quickly by the Assistant Principal.
- Separate students involved and get statement from them and any witness.
- The Assistant Principal will contact parents/ carers regarding any injury or day –off punishment and set up a meeting with the parent/carers for the student's return if a 3 day exclusion has been given

v) Off-site days (fixed term exclusions) and Limited Attendance Programmes

Off-site days and Limited Attendance Programmes are enforced where the student has demonstrated:

- High levels of aggression (verbal)
- High levels of disruptions.
- Physical violence to staff, students, property,
- Where other measures have failed to help the student control their behaviour.

In determining the appropriateness off-site days and limited programmes preliminary; whether the behaviour occurred on school premises; the extent of violation of the school's policy on behaviour; and whether the behaviour was committed alone or as part of a group.

The proper place for students who are pregnant is in school, unless there are medical reasons for exclusion. Pregnancy is not in itself a sufficient reason for exclusion.

vi) Behaviour Records

Monitoring:

Monitoring of behaviour is done for every student for every lesson and recorded on SIMs for both positive and negative behaviour. Teaching staff complete SIMs behaviour records at the end of every lesson, they can inform the students of their marks each lesson. Behaviour records are analysed weekly with trends and incidents discussed within the team to ascertain causes and responses.

Incident Report Forms:

Incident Report Forms are used by students or staff to record the circumstances and details of an incident that has led to a fixed term exclusion. Incident report forms will need to be filled by the relevant staff involved in the incident at the earliest convenient time. Staff must complete incident report forms by the end of the day. At the bottom of the incident report there is a section for outcome/decision SLT will fill this in once the incident has been dealt with by SLT

Behaviour and Inclusion Manager: Mr Matthew Baines

vii) Other Circumstances of negative behaviour

Breaks:

Breaks are not to be abused by students. Short break in the morning is supervised and used for food and refreshments, outdoor break and using the bathroom. The longer lunch break is for supervised lunch, outdoor break and use of bathroom. Eating and drinking may only be done in the restaurant area and is not permitted outside or in the classrooms.

Lateness:

A student is late if they arrive 20 minutes after the start of their day, or if they are commonly not present at the start of lessons. If a student has not arrived after 20 minutes they are treated as a non-attender and parents/carers are informed.

If a student is frequently late to the day or to a particular session where their lateness is affecting their learning and that of others (for example, up to 3 times per week, every Monday...) parents/carers are told and a meeting is essential to ascertain causes, consequences and corrections.

Punctuality:

Students are expected to be at Harmonize Academy and in class on time. Punctuality has the same consequences as lateness and is considered as serious. Punctuality must be noted on SIMs eg abs if absent etc.

Readiness to Work:

Students are expected to arrive at each session with the equipment/clothes they need to participate and to be in a 'learning frame of mind'. We recognise that this will be hard for some students and will be an area for pastoral support and ILP goals.

Mobile Phones:

Students are not allowed to use mobile phones in Harmonize Academy, they must be handed into the office on arrival and under no circumstances are they allowed into classrooms.
