

VR Set Work Experience Sessions 01/11/22.

We were lucky to receive 10 VR Sets from the Liverpool City region Careers Hub. This presented our Year 10 and Year 11 students with an opportunity to explore the use of VR Sets. The Year 11 students really enjoyed the experience. During these sessions they explored various careers opportunities including Housing, Engineering and Knowsley Safari Park. A glimpse of some staff exploring the Set.
